

Introducing

 **neon**

Attach to anything

neon can be fitted anywhere on either powered or non-powered assets.

Smaller than a matchbox

neon is our smallest and most discreet tracker yet. Smaller than a matchbox and powered by an internal battery with a long battery life.

No technical knowledge is needed to install!

Get up to 4 location updates per day

You won't lose track of
valuable business assets with
location updates from your
neon device.
